

ILLINOIS HOUSE OF REPRESENTATIVES

*Randy Ramey*

REPRESENTATIVE • 55TH DISTRICT

---

April 28, 2006

Dear Mr. Lemon,

Thank you for bringing to my attention the fact that it is very easy for children to either mistakenly or deliberately access cyber pornography. This is not an easy area to navigate, but your "dot kid" suggestion seems to handle it quite well. Since protecting children from predators is a personal mission of mine, I personally would like to see this happen and will work with authorities to make it happen.

I have forwarded all of this information to Congressman Henry Hyde and I know that he finds it to be something that needs to be handled. I am sure that he will make every effort to get it in the proper hands at the Federal level, and hopefully soon we will see it in action.

Thank you for taking such a personal interest in today's youth. So many times people forget that not everyone on the Internet today can be trusted or that our children are protected if we block certain URLs. It is due to the hard work of people like you that make the Internet safer for our children and grandchildren.

Thank you again for your time and effort.

Sincerely,

A handwritten signature in cursive script that reads "Randy Ramey".
